## INSTANT PHOTOGRAPHY: GODS, MODS & BODS!

### THE IPGMB GROUP TITLE:

1. **GODS** = the people and brands who created instant photography, as well as the innovators, engineers, enthusiasts, and artists creating with it.
2. **MODS** = modifications, customizations, refurbishments, fixes, hacks, add-ons, updates, and services.
3. **BODS** = vintage and new cameras, lenses, tools, gear, kit, rigs, and DIY devices for capturing light “instantly” on emulsion.

### THE IPGMB GROUP IS:

**A community** for discussing instant photography—news, history, brands, people, new/old cameras/films, hacks, mods, add-ons, techniques, tools, and tips—past, present, and future.

**A gathering place** for all—engineers, enthusiasts, creators, artists—to have fun with instant photography!

**A gallery** of members' instant photographs and derivative artworks (emulsion lifts, etc.) using new, vintage, and modified cameras—in any instant film format, shot on any device.

**A source** of interesting, obscure, or unknown information, and resources such as a list of local repair center(s) specializing in instant cameras, CLA, refurbishing, mods, etc.

**A marketplace** for sellers, “modders”, “refurbishers”, and individuals to post their offerings, goods, items, and wares for consideration, review, and direct purchase (subject to admin approval).

### THE IPGMB GROUP IS NOT:

*A place for judging, gear-shaming, or harsh, destructive comments—unpleasant people will be banned!*
